

Willow Creek Family Dentistry “In-House Dental Savings Plan”

In an effort to encourage good dental health and to help keep dental costs down for you and your family, Dr. Dunn and our team have developed an “In-House” Dental Savings Plan for our patients that do not have dental insurance. This plan offers a wide scope of benefits at an affordable price so that members are able to continue regular visits to the office. Preventive care is the cornerstone to long term oral health. We sincerely hope this plan provides you with a viable alternative.
